# Canada Fintech Symposium & Web3, Blockchain & Data Hub Summit - 2025

Unlock the Future of Finance at the **Canada FinTech Symposium** and **Web3, Blockchain & Data Hub Summit – 2025**

Are you ready to explore the next wave of innovation shaping the **Digital Economy**?

Join industry pioneers, visionaries, and change-makers at the **Canada FinTech Symposium**, proudly hosted by **Prolink Events Ltd.**

For the **2<sup>nd</sup> Edition** we're thrilled to introduce the co-located **Web3, Blockchain & Data Hub Summit**, in strategic partnership with **3KS iConnect Ltd.** Set to take place on **June 5-6, 2025**, at the iconic **Calgary TELUS Convention Centre** in Calgary, Alberta.

This two-day **Symposium & Summit** isn't just another Event—it's your gateway to the future. Dive deep into the cutting-edge world of FinTech, discover the limitless potential of Web3, and unlock the power of Blockchain, AI, and Data technologies. Whether you're looking to innovate, collaborate, or lead, this is the platform that will propel you to the forefront of the Digital Economy.

**Join us, be inspired, and shape the digital landscape of tomorrow!**

# Event Overview

We are excited to announce that Prolink Events Ltd. is organizing the 2nd Edition of the Canada FinTech Symposium.

At 3KS iConnect, we are thrilled to be the strategic partner for Prolink Events Ltd., co-hosting the "Web3, Blockchain & Data Hub Summit," which will be co-located with the Canada FinTech Symposium on the same dates and venue.

Our goal is to bring together AI, Web3, Blockchain, Enterprise, and Fintech leaders to explore opportunities for integrating these technologies across industries, preparing enterprises for the future of Web3 and the digital economy.

1

## Event Announcement

Prolink Events Ltd recently announces the 2nd Edition of the Canada FinTech Symposium

2

## Strategic Partnership

3KS iConnect Ltd is proudly the strategic partner of Prolink Events Ltd to organize the co-located "Web3, Blockchain & Data Hub Summit"

3

## Event Dates

June 5-6, 2025

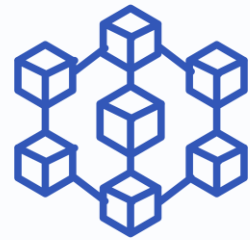

4

## Venue – Location

Calgary TELUS Convention Centre – Calgary, Alberta - Canada

# Event Themes

The Symposium and the Summit will cover a wide range of important themes:

## **Blockchain**

Exploring blockchain technologies and their integration across industries

## **FinTech**

Discussing innovations in financial technology and the future of banking

## **Web3**

Preparing enterprises for the future Web3 and Digital Economy

## **Data Hub**

Exploring data-driven solutions and technologies in the financial sector

## **Artificial Intelligence**

Exploring how AI is revolutionizing industries by enabling machines to learn, adapt, and perform tasks with human-like intelligence and efficiency

By focusing on these themes, we will explore how cutting-edge technologies are transforming financial services, creating new digital ecosystems, and driving innovation in data-driven solutions. Attendees will gain insights into the future of finance and the role these advancements play in reshaping industries worldwide.

Preparing enterprisers for the future internet and the digital economy powered by AI, Web3 and Blockchain Technologies.

# Event Key Topics

## Financial Innovation

- BNPL (Buy Now, Pay Later)
- DeFi (Decentralized Finance)
- Embedded Finance
- Future of Banking
- Open Banking
- Smart Contracts
- TradFi
- TradeFi

## Technology Advancements

- Data Hub
- FinTech Infrastructure
- InsurTech
- LendingTech
- PayTech (Payment Technology)
- Supply Chain Traceability

## Regulatory and Process

### Optimization

- RegTech (Regulatory Technology)
- RPA (Robotic Process Automation)
- WealthTech
- RWA Tokenization (Real World Assets Tokenization)
- Alberta Government Regulations and Incentives

## Discussion Overview

This discussion will explore how financial innovation and technological advancements like AI, Blockchain, and Web3 are transforming traditional finance and reshaping the global economy.

We'll examine the role of AI in driving industry efficiency and intelligence, alongside the growing impact of RWA - Real-World Asset Tokenization, particularly the tokenization of financial instruments and real estate.

Our primary goal is to integrate fintech with these disruptive technologies to unlock new opportunities in digital finance.

## Importance

Addressing regulatory and process optimization is vital to ensure these innovations can grow securely and remain compliant in a rapidly changing landscape. Balancing innovation with regulation is crucial for driving faster adoption, improved efficiency, and sustainable growth in the future of finance.

# The Impact of Digital Assets on Investment Strategies and Wealth Management

Prepare for a financial revolution! Digital assets, from cryptocurrencies to tokenized securities, are rewriting the rules of finance. These innovative assets are disrupting traditional investment approaches and wealth management strategies, opening up a world of possibilities for portfolio management.

## Transformation of Investment Strategies

Digital assets, including cryptocurrencies and tokenized securities, are becoming central to modern investment strategies.

## Impact on Wealth Management

These assets are reshaping traditional wealth management practices, introducing new tools and methods for managing portfolios.

## Integration of Blockchain Technology

Focus on how blockchain technology is integrated into financial products, driving efficiency and transparency.

## Institutional Interest in DeFi

The growing interest from institutions in Decentralized Finance (DeFi) is leading to innovative financial products and services.

## Regulatory Framework

Discussion on the role of evolving regulatory frameworks in guiding the adoption and integration of digital assets into traditional finance.

## Access to Markets

Digital assets open doors to new markets and provide opportunities for investors to tap into previously unreachable liquidity pools.

## Digital Assets Custody

Digital assets custody involves secure storage solutions that protect cryptocurrencies and tokenized assets, ensuring both safety and compliance for investors.

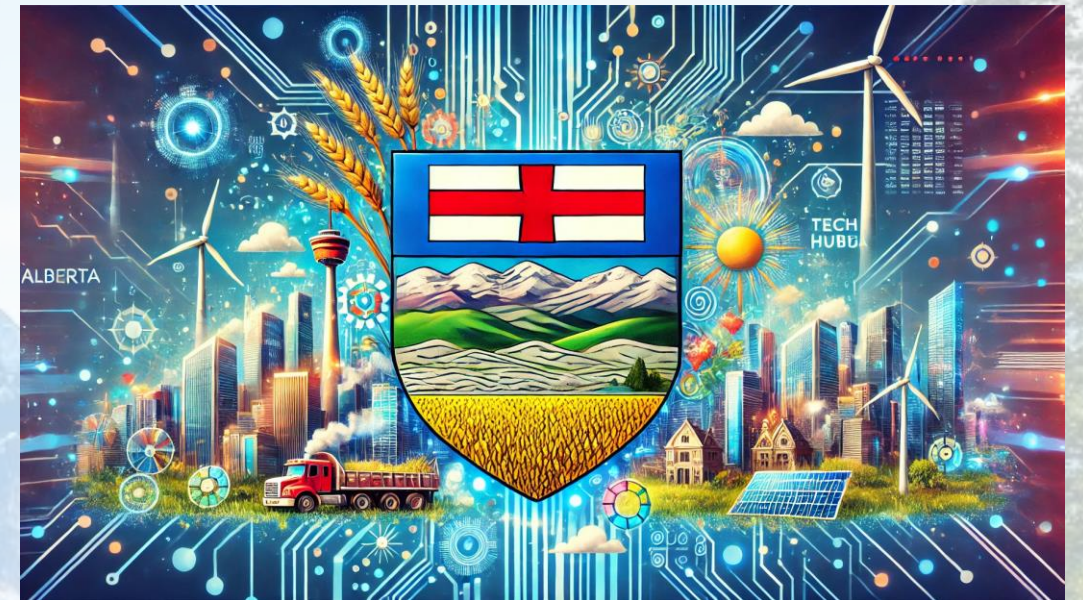

## Passive Income Streams

Passive income streams in digital assets are generated through methods like staking, yield farming, and lending, allowing investors to earn rewards on their holdings.

# Connecting Alberta & Canada to the Globe

🌐 The **Canada FinTech Symposium & Web3, Blockchain & Data Hub Summit** is more than just an event—it's a catalyst for propelling Canadian innovation onto the global stage. By showcasing leading-edge technologies and fostering international collaboration, this event aims to solidify Canada's position as a powerhouse in the ever-evolving landscape of fintech and Digital Innovation. This event represents not just Western Canada, but a vision that connects Alberta to the Globe and vice versa.

## Why Attend?

- **Connect with Global Leaders in the space:** Gain invaluable insights from international experts and thought leaders shaping the digital landscape.
- **Explore Key Themes:** From AI-driven efficiency to RWA tokenization, discover the trends that will lead the next era of finance.
- **Collaborate and Innovate:** Network with industry professionals and uncover new opportunities to integrate fintech with emerging technologies.

## Act Now!

Seats are limited—secure your spot today and be a part of the conversation that's shaping the future of fintech and beyond.
